

# THE EXISTENCE OF GOD

## Allah is Creator of this universe

قُلْ بُوَ اللّٰهُ اَحَدٌ ﴿٢﴾ اللّٰهُ الصَّمَدُ ﴿٣﴾ لَمْ يَلِدْ وَلَمْ يُولَدْ ﴿٤﴾ وَلَمْ يَكُنْ لَّهٗ كُفُوًا اَحَدٌ ﴿٥﴾

Say, 'He is Allah, the One; Allah, the Independent and Besought of all. He begets not, nor is He begotten; And there is none like unto Him.'

## STEP BY STEP ARGUMENT

- 01 Science is neutral about God
- 02 Some believe this universe must have a creator since science can not really explain its creation
- 03 Why can we not see God?

## Science and God

- Science is a way of ..... about the world using experiments, ....., and observation.
- Science studies things that can be seen, tested, and measured.
- Because of this, science does not prove or disprove God. It stays .....
- God is understood as beyond ..... testing, so science cannot test Him like it tests nature.

**"Mention some scientific truths that make you believe there must be a God."**

### MATCH THE PHRASES TO COMPLETE THE SENTENCES

Science is

therefore some scientist believe it did not happen by chance

Some scientists believe

neutral about God

Life on Earth is very complexed

creation of universe can be explained without God

## Belief in God

- Many people believe God can be known through His creation, like the .....
- God has also sent ..... and guidance to help people understand Him.
- Belief in God is also about faith and thinking, not just ..... proof.
- If God were fully visible, then belief would not be a choice or test.

## Other sources than science

- Questions like "Why are we here?" or "Who created everything?" are often answered by religion and philosophy, not science alone. so science can not decide if there is God or no.
